WELCOME!

ANNIKA

Annika Sörenstam, the highest ranked female golfer in the world and Sweden's most successful golfer of all time, welcomes you to the inaugural ANNIKA Invitational Europe.

Annika is the winner of 72 official LPGA tournaments including ten majors and numerous awards. She has represented Europe in the Solheim Cup on eight occasions, been the Captain of the European Team, as well as the vice-captain three times.

MORE THAN GOLF

The players are invited to all official events and functions, and the costs are included in the entry fee.

Annika's goal with the tournament is that it should be a mix of fun events, with both a competition between the best players mixed with educational elements and fun activities to make life-long friends. Participating in the afternoon and evening activities is just as important as playing the tournament.
